T2:									
T3:									
Promotion Notes							Check if Applicable		
Additional intervention needed to avoid retention.									
Parent-teacher conference required.									

ELA Standards Mastery	T1	T2	T3
Reading Literature - Key Ideas and Details			
Reading Literature - Craft and Structure			
Reading Literature - Integration of Knowledge and Ideas			
Reading Literature - Range of Reading and Level of Text Complexity			
Reading Informational Text - Key Ideas and Details			
Reading Informational Text - Craft and Structure			
Reading Informational Text - Integration of Knowledge and Ideas			
Reading Informational Text - Range of Reading and Level of Text Complexity			
Writing - Text Types and Purposes			
Production and Distribution of Writing			
Research to Build and Present Knowledge			
Speaking and Listening - Comprehension and Collaboration			
Speaking and Listening - Presentation of Knowledge and Ideas			
Conventions of Standard English			
Vocabulary Acquisition and Use			

Social Studies Standards Mastery	T1	T2	T3
History and Geography			
Civics and Government			
Human Origins in Africa Through the Neolithic Age			
Mesopotamia			
Ancient Egypt			
Phoenicia			
Ancient Israel			
Ancient Greece			
Ancient Rome			
Analyze key ideas and details in social studies text.			
Use craft and structure to analyze social studies text.			
Integrate knowledge and ideas in social studies sources.			
Read a range of informational texts.			
Produce and distribute social studies, science, and technical writing.			
Research to build and present knowledge in social studies, science, and technical writing.			
Write a range of pieces for a range of purposes in social studies, science, and technical writing.			
Write a variety of text types for a variety of purposes in social studies, science, and technical subjects.			

Math Standards Mastery	T1	T2	T3
Analyze proportional relationships and use them to solve real-world and mathematical problems.			
Apply and extend previous understandings of operations with fractions to add, subtract, multiply, and divide rational numbers.			
Use properties of operations to generate equivalent expressions.			
Solve real-life and mathematical problems using numerical and algebraic expressions and equations.			
Draw, construct, and describe geometrical figures and describe the relationships between them.			
Solve real-life and mathematical problems involving angle measure, area, surface area, and volume.			
Use random sampling to draw inferences about a population.			
Draw informal comparative inferences about two populations.			
Investigate chance processes and develop, use, and evaluate probability models.			

Science Standards Mastery	T1	T2	T3
Mapping the Earth			
Heat Transfer in the Earth System			
Earth's History			
The Earth in the Solar System			
Evolution and Biodiversity			
Living Things and Their Environment			
Changes in Ecosystems Over Time			
Properties of Matter			
Elements, Compounds, and Mixtures			
Motion of Objects			
Engineering Design			
Construction Technologies			
Heat Energy			
Materials, Tools, and Machines			
Use key ideas and details to understand science and technical texts.			
Use craft and structure to understand scientific and technical literature.			
Integrate knowledge and ideas in scientific and technical literature.			
Read a range of complex scientific and technical literature with comprehension.			
Produce and distribute social studies, science, and technical writing.			
Research to build and present knowledge in social studies, science, and technical writing.			
Write a range of pieces for a range of purposes in social studies, science, and technical writing.			
Write a variety of text types for a variety of purposes in social studies, science, and technical subjects.			

\* Modified curriculum (see attached progress reports)
