Promotion Notes							Check if Applicable		
Additional intervention needed to avoid retention.									
Parent-teacher conference required.									

ELA Standards Mastery	T1	T2	T3
Reading Literature - Key Ideas and Details			
Reading Literature - Craft and Structure			
Reading Literature - Integration of Knowledge and Ideas			
Reading Literature - Range of Reading and Level of Text Complexity			
Reading Informational Text - Key Ideas and Details			
Reading Informational Text - Craft and Structure			
Reading Informational Text - Integration of Knowledge and Ideas			
Reading Informational Text - Range of Reading and Level of Text Complexity			
Writing - Text Types and Purposes			
Production and Distribution of Writing			
Research to Build and Present Knowledge			
Range of Writing			
Speaking and Listening - Comprehension and Collaboration			
Speaking and Listening - Presentation of Knowledge and Ideas			
Conventions of Standard English			
Vocabulary Acquisition and Use			

Social Studies Standards Mastery	T1	T2	T3
The Political and Intellectual Origins of the American Nation: the Revolution and the Constitution, 1763-1789			
The Formation and Framework of American Democracy			
Political Democratization, Westward Expansion, and Diplomatic Developments, 1790-1860			
Economic Growth in the North and South, 1800-1860			
Social, Political, and Religious Change, 1800-1860			
The Civil War and Reconstruction, 1860-1877			
Analyze key ideas and details in social studies text.			
Use craft and structure to analyze social studies text.			
Integrate knowledge and ideas in social studies sources.			
Read a range of informational texts.			
Produce and distribute social studies, science, and technical writing.			
Research to build and present knowledge in social studies, science, and technical writing.			
Write a range of pieces for a range of purposes in social studies, science, and technical writing.			
Write a variety of text types for a variety of purposes in social studies, science, and technical subjects.			

* Modified curriculum (see attached progress reports)

Math Standards Mastery	T1	T2	T3
Know that there are numbers that are not rational, and approximate them by rational numbers.			
Work with radicals and integer exponents			
Understand the connections between proportional relationships, lines, and linear equations			
Analyze and solve linear equations and pairs of simultaneous linear equations.			
Define, evaluate and compare functions.			
Use functions to model relationships between quantities.			
Understand congruence and similarity using physical models, transparencies, or geometry software.			
Understand and apply the Pythagorean Theorem.			
Solve real-world and mathematical problems involving volume of cylinders, cones and spheres.			
Investigate patterns of association in bivariate data.			

Science Standards Mastery	T1	T2	T3
Earth's History			
The Earth in the Solar System			
Reproduction and Heredity			
Evolution and Biodiversity			
Changes in Ecosystems Over Time			
Motion of Objects			
Heat Energy			
Communication Technologies			
Manufacturing Technologies			
Transportation Technologies			
Forms of Energy			
Materials, Tools, and Machines			
Engineering Design			
Properties of Matter			
Use key ideas and details to understand science and technical texts.			
Use craft and structure to understand scientific and technical literature.			
Integrate knowledge and ideas in scientific and technical literature.			
Read a range of complex scientific and technical literature with comprehension.			
Produce and distribute social studies, science, and technical writing.			
Research to build and present knowledge in social studies, science, and technical writing.			
Write a range of pieces for a range of purposes in social studies, science, and technical writing.			
Write a variety of text types for a variety of purposes in social studies, science, and technical subjects.
